

The Art of Baking Puppet Show

Come join the Montgomery Museum as it introduces *The Art of Baking Puppet Show*. Children are engaged as they visit a bakery run by colorful animals from different parts of the world. The characters show children how it takes everyone working together to turn the bakery's yummy treats into art using color, shape, and line.

Various works of art from MMFA's collection make an appearance during this exciting production.

The Art of Baking will be available to the public for two days in April 2019, and is geared for three to six year olds. The April shows are by reservation only and are free. Please contact Jill Byrd at 334.625.4359 or email tours@mmfa.org for more information or fill out the registration form shown on this page.
